Dear Parent or Guardian,

The Disability Pathways team within Student Pathways and Careers is committed to strengthening pathways, opportunities, and connections for students with disability.

An important connection for a student and their Parent or Guardian is the Local Area Coordination Services provided by Mission: Australia, which are available to deliver information connected to the NDIS to potential and existing participants.

The Local Area Coordination Services can provide information on accessing the NDIS as well as the supports available that can help students transition from school into a meaningful pathway.

The Disability Pathways Team has organised for Local Area Coordination Services to be available at the Transition Program locations to provide information to parents or guardians in weeks 4 and 7 of Term 2.

You are invited to come and speak to a Local Area Coordinator about accessing or information connected to the NDIS at the following location and time:

Noarlunga Transition Program
Address: TAFE SA room W153, Ramsay Place, Noarlunga Centre
Visit 1: Wednesday 24 May 11am- 3pm
Visit 2: Thursday 15 June 9am-1pm

Please contact 0417423570 or email Education.TransitionPrograms@sa.gov.au if you are planning on attending or have further questions.

Regards,

Sam McGrath
Disability Transition Advisor
